Mr. Raymond Vingo
Western Roofing System

Dear Raymond:

Almost half year passed since we have our roof replaced by Western Roofing System. Every time, when it rains, we feel so secured under that strong roof; Everyday, when we come home, we enjoy the beautiful new look of our house.

It is a strong, quiet, and beautiful roof as you promised. We are happy to have selected Western Roofing System to do the service. Your rich knowledge and professional skills gave us very deep impression and we are happy to see that our roof helps to bring more customers to your company.

By the way, the nice ladder you provided helped us enjoy the roof not only underneath it but also above it.

Thank you again.

Best regards,

Kent Shi
