Re: 69 Mercy Street Mountain View

To Whom It May Concern:

I would like to take this opportunity to thank you guys on a job well done. As a general contractor, I come across many subcontractors of various trades. From the first time I called your office to the installation crews' attention to detail and cleanliness, I have found your organization to be very professional and thorough.

I anticipate many years of having your firm do all of my roofing projects. Thanks again!

Sincerely,

Scott Sullivan
